

TerraNutrix B +

Liquid Boron + Seaweed Extract Biostimulant

1. PRODUCT DESCRIPTION

TerraNutrix B + is a high-efficiency liquid boron fertilizer enriched with seaweed extract, designed to improve flowering, fruit set, and overall plant performance. The combination of boron and marine-derived bioactive compounds enhances nutrient uptake, stimulates root development, and improves plant resilience under stress conditions.

2. GUARANTEED ANALYSIS

Boron (B)	13.5%
Seaweed Extract	10.0%

Derived from: Boron acids + marine seaweed extract

3. PHYSICAL PROPERTIES

Form	Liquid
Color	Green
Density	approx. 1.35 g/mL
pH	8.2 – 8.7

4. AGRONOMIC FUNCTIONS

- Promotes flower formation and improves fruit set
- Reduces flower and fruit drop
- Enhances pollen viability and fertilization efficiency
- Stimulates root development and nutrient uptake
- Improves fruit uniformity, size, and quality
- Enhances plant resistance to stress conditions

5. KEY ADVANTAGES

- Dual-action formula: boron + seaweed extract
- Enhances reproductive growth and yield formation
- Improves root development and early establishment
- Supports nutrient absorption and translocation
- Promotes overall plant health and productivity
- Suitable for foliar and fertigation applications

6. APPLICATION RECOMMENDATIONS

FOLIAR APPLICATION

Dilution: 1:1200 – 1:1500

Frequency: Every 8 – 15 days

Key timing: Pre-bloom, bloom & fruit set

FERTIGATION / DRIP IRRIGATION

Rate: 1 – 2 L/ha per application

Tip: Combine with foliar for best results

7. APPLICATION TIMING

- Pre-flowering stage
- Flowering stage
- Fruit set stage
- Early fruit development

8. SUITABLE CROPS

- Vegetables
- Citrus
- Field Crops
- Fruit Crops
- Grapes
- Greenhouse Crops

9. COMPATIBILITY

Compatible with most fertilizers and crop protection products.

Jar test recommended before mixing

Always test compatibility with tank mix partners prior to field application.

10. STORAGE & HANDLING

- Store in a cool, dry place
- Keep container tightly closed
- Avoid direct sunlight
- Shake well before use

11. PACKAGING

- 200 mL
- 1 L
- 10 L
- 250 kg drum
- 500 mL
- 5 L
- 20 L
- 1000 L IBC

“This is not just a boron fertilizer — it is a flowering and fruit-setting solution.

Boron + seaweed extract working together for superior pollination, fruit set, and yield.”
